About Our School

At ESF Bradbury School, we know we can't predict the future – but we can certainly be well prepared for it. We work tirelessly to create a safe, caring and fun environment where children receive an all-round education of the very highest quality. Our staff work to understand each one of their students, so they can succeed by learning in the way that works best for them.

We use the International Baccalaureate's Primary Years Programme (PYP), which is a student-centred, academically rigorous curriculum based on the very best teaching and learning practices. Our recent evaluation validated our self-study and agreed with, or raised our own gradings. Our teachers understand that real life is not neatly divided into areas where we only use Maths, or Language, or our artistic abilities at any one time.

We pride ourselves on the calibre of all of our staff, and the positive, encouraging approach in our classrooms produce outstanding results. Our Principal, Emma-Kate Gower, leads a team of staff from around the globe, and our facilities are world-class, offering opportunities to learn in many different environments, both in and out of the classroom. We have a Gymnasium, Performing Arts space and 'The Shed' – an amazing place for children to explore Learning Technologies. We encourage our students to find their own individual passions, and if they don't know what they are yet, then one of the 30,000+ books in our library is sure to spark an interest.

At Bradbury we understand that every child is unique, and this means not all children learn at the same pace. Nobody knows your child better than you. By working closely with parents, we understand each child and their needs and tailor our teaching approach to every child's learning.

We are so fortunate to have all of this green space around us at Bradbury, and our children have six playgrounds to choose from to explore and enjoy at break time. Green walls, a rooftop garden and plants all around help to connect the indoor and outdoor environments, ensuring every child at Bradbury is safe, happy, engaged and always learning.

Meet the Principal

Kate is Hong Kong born and bred, but has experience in international education in a number of different countries. Kate is passionate about helping her students excel in and out of the classroom – knowing that this is how we help every student reach their potential.
