About Our School

ESF Discovery College is one of the ESF all-through schools, providing an unbeatable setting for your child to learn and grow across the 13 years of their educational journey. We build outstanding relationships with our students and help them develop as individuals, finding their own passions and developing their own skills and knowledge in the subjects they love.

During your child's time with us, they will use the International Baccalaureate (IB) curriculum in its entirety, providing a consistent and coherent approach to their learning at every step. The programme is split into four stages that all feed into one another seamlessly. The Primary Years Programme (PYP) for students aged 5–11 years; the Middle Years Programme (MYP) for students aged 11–16 years; and the Diploma Programme (DP) and Career-related Programme (CP) for students aged 16–18.

Learning at Discovery College focuses on global perspectives and celebrates students' unique home cultures and languages. Led by our forward-thinking Principal, James Smith, we have more than 20 nationalities within our teaching staff, chosen from among the world's best. Our mother tongue programme supports student learning and gives our younger students the opportunity to discuss their lessons and ideas in a comfortable way to build confidence.

Community spirit is core to Discovery College, and our diverse and welcoming faculty and student body is one of the factors that truly sets us apart. Education is a partnership, and we encourage parents to be actively involved in their children's education, because no one knows your child better than you do.

At Discovery College, our goal is to ensure every student reaches their full potential, so that they are kind, happy, and always learning. We believe in a partnership between parents, students and teachers, creating an environment that cultivates growth, discovery and dreams.

Meet the Principal

Prior to joining DC, Chloe served as the Head of Education – Curriculum & Learning across ESF's 22 schools. She began her career in New York City, and she has held various roles in through-train IB schools in China, Austria, and Hong Kong. Chloe is a proud DC parent, as her older two children are currently in Years 3 and 5.
