## About Our School

ESF Jockey Club Sarah Roe School is the only learning support school in Hong Kong that offers an English language curriculum. From our curriculum to our staff and facilities, everything is based on an understanding that every child is unique, with their own skills and passions. By helping each child to develop their unique interests and personality, we help them to be the best they can be.

Through generous support from the Hong Kong Jockey Club, we offer our students some wonderful facilities to keep them happy, engaged and always learning. We have a hydrotherapy pool, soft playroom, professional kitchen, library, sensory integration room, hall and art room, as well as a music and drama zone.

All our students require additional learning support, so our bespoke curriculum puts them at the centre. Many of our lessons also teach independence through hands-on practice, including living skills, community learning and vocational education. Our personalised, progressive and challenging lessons offer students multiple opportunities for repeated, frequent experiences.

We offer six curriculum pathways, which start with foundations such as school routines, building social, communication and academic skills, and go on to offer further steps focusing on life skills, self-motivation and independent living. The Post-16 Pathway develops vocational and independent living skills. During the students' final years with us, our team works with them and their families to explore options following graduation.

Jockey Club Sarah Roe School is conveniently located in the Ho Man Tin area of Kowloon. We have a wonderful community feel and our students benefit greatly from being able to take part in inclusive programmes with neighbouring schools, such as ESF King George V School. Sarah Roe, the late local Occupational Therapist who the school is named after, would be so proud of what our school has achieved since its establishment in 1986. We would love to welcome you to see for yourself.

## Meet the Principal

Anna has almost 25 years of experience as a teacher and leader - with a strong focus throughout her career on helping students reach their full potential, regardless of any and all challenges that they may face.

**Anna Smakowska**

## School Bus Route

The bus service for JCSRS students is managed by ESF Centre and JCSRS. School staff work as Bus Escorts and they are First Aid trained.

\*The stops along the school bus routes may be subject to change. For more information, please contact the school.
