About Our School

ESF King George V School is a place where we encourage everyone to 'be their own remarkable' and the best version of themselves. Our teachers connect with each and every student and strive to create what we call a 'school for one', a place where each student feels that the school was created just for them. Ensuring every person in our school community feels this sense of belonging and purpose is the cornerstone of everything we do.

Students study the International Baccalaureate (IB) curriculum, following the IB's Middle Years Programme (MYP) for three years. The MYP builds upon the knowledge and skills developed in the IB Primary Years Programme (PYP) which is taught at all ESF primary schools. This prepares students to meet future academic challenges, including the International General Certificate of Secondary Education (IGCSE), Business and Technology Education Council (BTEC) and the IB Diploma Programme (DP).

Teaching and learning in the MYP is framed by inquiry (asking), action (doing) and reflection (thinking). Our interactive and collaborative approach to teaching allows our students to feel that their unique skills, abilities and passions are encouraged, valued and rewarded, whilst learning with our specialist teachers. We are proud of how our students and staff work together to produce outstanding results.

We also offer a world of opportunities in the arts, sport and service to our community. Extracurricular activities are a significant part of what makes us a great school, and reiterates the fact that learning happens inside and outside of the classroom. We take full advantage of our first-rate facilities, including our newly-refurbished school field and our 25-metre swimming pool, both during and after school.

King George V School is set in the convenient heart of Ho Man Tin in Kowloon, and we invite you to come and experience our dynamic and exciting school for yourself.

Meet the Principal

Mark is hugely experienced, having taken his first steps in teaching over 30 years ago. He has held a variety of senior leadership roles and is clear that every student at a school should feel that it was created just for them.

Mark Blackshaw
