About Our School

At ESF Renaissance College, our through-school students learn from Year 1 to Year 13 on one site, guided and encouraged by a team of dedicated and diverse educators. Our fantastic teachers come from around the globe, committed to providing your child with a world-class education.

Renaissance College offers all four of the International Baccalaureate (IB) programmes: the Primary Years Programme (PYP) for students aged 4–10 years; the Middle Years Programme (MYP) for students aged 11–16 years; and the Diploma Programme (DP) and Career-related Programme (CP) for students aged 16–18. The student-centred learning model at the heart of the programmes aligns perfectly with our beliefs about the importance of guiding each and every student to be the best that they can be.

With our primary and secondary schools on the same campus, the little ones enjoy the chance to work with the older ones. Because we are an all-through school, we see students being inspired by their cohorts above, and at the heart of everything we do is the child who wants to engage, who wants to know more – who wants to learn.

Our first-rate facilities, including our basketball court and two football pitches, are well used during school time and for our huge range of after-school activities. We also have a performing arts centre, black box theatre, a gymnasium with a climbing wall, badminton, netball and volleyball courts, two rooftop astroturf playing fields, a 25-metre indoor swimming pool, a multi-level library, and a split-level cafeteria.

We value parent engagement very highly, because nobody knows your child better than you. The Renaissance Association of Parents and Teachers Limited (RAPT) is actively involved in community events and fundraising for the campus.

At Renaissance College, we believe that ESF also stands for Every Single Family, so come and see for yourself how our tight-knit community nurtures a student body of global citizens who value difference and change.

Meet the Principal

Harry joined ESF in 2009 and has over 30 years of experience as a teacher, leader and deputy superintendent in his native United States. Despite its status as our largest school, Harry works to get to know every student and cares deeply about helping every one of them be the best that they can be.
