## About Our School

At ESF Wu Kai Sha International Kindergarten, we're here to support children on their exciting journey of discovery. We see every child as unique, and taking the time to really get to know them individually helps us to let them take charge of their own development. By celebrating their own skills, ideas and learning styles, our children become kind, happy, engaged and keen to explore new ideas.

We follow the International Baccalaureate (IB) Primary Years Programme (PYP) curriculum, which encourages children to explore and shape their own learning through play and inquiry. It also makes for a seamless start when they move on to one of our ESF primary schools.

Our Head of School, Aylin Kip, is all about creating a positive school community where students feel trusted and respected. It's the foundation for an incredible learning experience. Our team of extraordinary teachers is both caring and knowledgeable when it comes to early childhood education.

Inclusion and diversity are of utmost importance to us. We have a dedicated therapy centre equipped with specialised tools to support children with sensory and language needs. While English is our primary language of instruction, our teachers are experienced in supporting language development in young children, including those who speak English as an additional language.

Your child will always be learning at Wu Kai Sha. However, not all learning takes place in the classroom. We have a fantastic garden and a brand-new kitchen, as we believe that getting our children involved in gardening and cooking is key to helping them understand the world, connect with nature, and stay healthy and happy.

Join us at Wu Kai Sha, where learning is vibrant, children are celebrated, and the joy of discovery awaits.

## Meet the Principal

Aylin has been with ESF for almost 10 years. A specialist in early-years education, she brings with her a love of learning and a dedication to help all of her students reach their full potential.
