About Our School

Walk into any classroom at ESF West Kowloon Kindergarten and you will hear the laughter and excitement of young children fully engaged in the joy of discovery. As an IB World School, we follow the International Baccalaureate (IB) Primary Years Programme (PYP). This framework also forms the foundation for learning in our ESF primary schools, providing a curriculum consistency that is vital in helping our youngest learners transition with confidence.

Our school is a vibrant learning community serving the West Kowloon area, set within a fantastic environment for children to explore. In these inspired spaces, high-quality early years education is delivered through a rich, inquiry-based approach that encourages children to ask "why" and lead their own learning.

At West Kowloon, we foster confident individuals who are developing the skills, attitudes, and a genuine love for lifelong learning. Our teachers are highly qualified, dedicated professionals committed to supporting and challenging every child to become the best they can be. Above all, we are a family-oriented school that believes in the power of building deep, authentic relationships within our school and the local community.

Meet the Principal

Frances is an exceptional educator, with almost 20 years of experience with ESF. A strong advocate for outdoor education, Frances lives and breathes this concept herself. A keen sailor, when not in school, Frances can often be seen in her boat out on the South China Sea.
