Frequently asked questions for current ESF families

英基在讀家庭常見問題

1. Who will be affected?

The Associated School Model will start in the academic year 2027/2028 for K1 students born in 2024 or later.

Children who apply for the 2027/28 K1 central application will be the first cohort to transition to the primary school under the new associated school model.

Please note the following exceptions: children attending Quarry Bay School Kindergarten, Renaissance College Kindergarten and West Kowloon Kindergarten in 2026/27 onwards, will transition to their associated primary school.

哪些學生會受到影響？

相關學校模式將於2027/28學年開始實施，適用於2024年及以後出生的K1學生。

提交2027/28學年K1中央申請的學童，將成為新模式下升讀小學的首批學生。

請注意以下例外：2026/27學年及以後，就讀鰂魚涌小學幼稚園、啓新書院幼稚園、西九龍幼稚園的學童，將直接升讀相關小學。

2. Will the kindergarten be linked to any primary school if my child was born in 2022 and 2023 when transitioning to Y1 for August 2027 and August 2028?

There will be no impact on children born on or before 2023, except for kindergarten students who are associated with a primary school, which is already in effect.

Upon completing K2 at Quarry Bay School Kindergarten, Renaissance College Kindergarten, or West Kowloon Kindergarten, students will transition to the associated ESF primary school, with subsequent placements to the associated secondary schools

after Year 6.

For other ESF Kindergartens, parents may select up to 4 preferences in the transition form. Allocation for primary school is based on priority order, EDB requirements when necessary, and computer-generated random numbers. This process remains the same as in previous years.

如果我的孩子出生於2022或2023年，分別於2027或2028年8月升讀Y1，其幼稚園是否會與某所小學銜接？

除已與小學銜接的幼稚園學生外，2023年及之前出生的孩子不受影響，此安排現已生效。

鰂魚涌小學幼稚園、啓新書院幼稚園、西九龍幼稚園學生將於K2升讀相關英基小學，並於Y6升讀相關中學。

對於其他英基幼稚園，家長可在升學表選擇最多4個志願。小學派位將根據優先順序、教育局規定 (如有必要)，及電腦隨機數進行。此流程與往年相同。

3. Under the new Associated School Model, will I need to indicate my primary school preference when I submit the kindergarten transition form?

At the start of the K2 year, parents will complete a transition form to confirm their place for Y1 the following academic year. Parents may indicate a preference order for the associated primary schools linked with their current kindergarten. This process of selecting preference remains the same as in previous years.

There is **no guarantee of allocation to the 1st-preference school**, except for kindergartens with one associated primary school (Quarry Bay Kindergarten and Renaissance College Kindergarten).

在新「相關學校模式」下，提交幼稚園升學表時，是否需填寫小學意向？

在K2學年開始時，家長需填寫升學表，以確認下一學年Y1名額。家長可依據其幼稚園的相關小學，填寫志願順序。此志願流程與往年相同。

除直升相關小學的幼稚園 (鰂魚涌小學幼稚園和啓新書院幼稚園) 外，**不能保證一定進入第一志願小學。**

4. Is there a different transition process for children who require additional learning support or a specialist placement?

Yes. For children who require additional learning support, we have a dedicated, highly collaborative process to ensure they are set up for success in Year 1. Our kindergarten teams work closely with families during the K1 year to identify any support needs using the ESF support framework. For children who require enhanced levels of support, we build an Enhanced Transition Plan during their K2 year. This involves a specialised team that designs a personalised roadmap for your child's move to primary school. If a child's needs are best met by a specialised environment like the Jockey Club Sarah Roe School (JCSRS), a dedicated review panel will evaluate the best placement. Please note that places at JCSRS are subject to availability.

對於需要學習支援或特殊教育的孩子，過渡流程是否不同？

是的。對於需要額外學習支援的學童，我們設有專門且高度協作的流程，以確保順利升讀Year 1。幼稚園團隊會在K1學年與家長密切合作，運用英基支援框架識別任何支援需求。對於需要更高程度支援的學童，我們會在K2學年製定強化過渡策略，由專業團隊為孩子製定個人化的小學升學路徑。

如果像英基賽馬會善樂學校(JCSRS)這樣的特殊環境，最能滿足孩子的需求，專門的評審小組將評估最佳安置方案。請注意，英基賽馬會善樂學校的學額視情況而定。

5. If a sibling is attending a non-associated primary school (i.e. RCHK), can my younger child join the sibling's school when transitioning from K2 to Y1?

There is no guarantee. The guaranteed Y1 place is at an associated primary school for their kindergarten. There is very limited availability of Y1 places after all the priority children from its associated kindergarten(s) transition.

若兄弟姊妹就讀非相關小學 (如啓新書院)，我的年幼子女K2升讀Y1時，能否轉入兄弟姊妹的學校？

我們無法保證。Y1的保證學額僅限於其幼稚園的相關小學。在其幼稚園所有優先兒童升學後，Y1學額非常有限。

6. If there is no Y1 place availability for the sibling to transition to a non-associated primary school, may we waitlist for the place?

Yes, but there is a real risk of no place to start in August as the deadline to accept the Y1 place is in early December for the next academic year. This would mean declining the guaranteed Y1 place at the associated primary school and waiting for the Y1 central application for a non-associated primary school. We expect all Y1 places to be filled after offers go out.

若兄弟姊妹無法升讀非相關小學Y1，可以加入候補名單嗎？

可以，但會有很大風險無法在8月份獲得學額，因為下一學年Y1學額申請截止日期是12月初。這意味著放棄相關小學保證的Y1學位，轉而等待非相關小學的Y1中央招生錄取。我們預計，在錄取通知發出後，所有Y1將會額滿。

7. How many kindergarten classes will transition to primary? When will be the first cohort?

Children born in 2024 transitioning to Y1 for August 2029 will be according to the number of classes in the table below. Allocation will be by priority, computer random number and EDB requirements (where necessary) for kindergartens with more than one associated primary school.

每間幼稚園的學生升讀相關小學的班別數量分配如何？哪一年出生的學生會是第一批受影響？

在2024年出生於2028年9月報名，並在2029年入讀Y1的學生，將會按以下班別數量分配至相關小學。多於一間相關小學的幼稚園畢業生，將會按照優先權、電腦隨機生成號碼，以及教育局的要求（如有需要）進行中央分配相關小學學位。
